

Charities

Announcement

During the 2024 legislative session, the Utah Legislature passed [H.B. 43](#), *Charitable Solicitations Act Amendments*. **Effective May 1, 2024**, charitable organizations are **no longer required to submit an annual registration** with the Utah Division of Consumer Protection. You **DO NOT** need a registration from the Division of Consumer Protection to solicit in the state of Utah.

However, beginning January 1, 2025, under the new law, **certain charities will be required to upload their most recent IRS Form 990** with the [Utah Division of Corporations and Commercial Code](#) as part of the corporation's filing process. More information on the charities this will affect will be available on our website later this year.

Please check back periodically on our [website](#) as well as [Utah Division of Corporations and Commercial Code](#) for updates that may impact your charitable organization.
